TUESDAY, OCTOBER 3. 1738.

N^o 1022.

Yesterday arrived a Mail from Holland.

Petersburg, Sept. 9. O. S.

N Express is arrived from the Velt Marshal de Munich, with Letters dated the 26th ult. which say, that not having been able to execute his Design of advancing towards Choczin, because of the Plague which rages in those Parts, he had resolved to march towards the Bog, return through the Desarts to Ukraia.

Sept. 16. O. S. Yesterday the Great Duke returned higher from the Army, after 5 Days of an Ague upon the Road, and came Day to the Palace of Favorita, to render an Account of Affairs in Hungary; now better. Prince Charles remains in the Head of his Brigade. The Velt Khavenhuller set out Yesterday for Hungary being informed Yesterday that the Dutchess felt some Pains of a Labour, nearly to visit her; but they went off again, and she returned to Court. The Skirmish, which had happened between the Imperial Turks near Belgrade, was not so considerable. The Turks who came to Horle, made no Part of the Grand Vizier's army, but belong'd to a Body of 10000 men, commanded by the Bashaw of Bosnia; the Detachment of his Troops to attack the Save. Mean time we hear by the News from Hungary, that the Turks who as if they would invest that Fort, retired making any Attempt towards it. They add, that the Turks who had been commanded towards the Save, were likewise retir'd. As to the Army of the Grand Vizier, some say 'tis retir'd towards the Danube, and needs Confirmation. It appears, that the Marshal de Munich finds too great Difficulty in a Detachment of Russians into Transylvania. There is Advice, that the Body of Turks, who were on the March towards Oczakow, of Furttemberg, the Emperor's Principal Army, is now expected at the Dyet of Ratisbon, where from his Imperial Majesty, to demand of the Empire a fresh Contribution of 1000000 Rix-dollars.

Sept. 9. Thursday last the French Ambassador sent one of his Coaches to the Armenians, going to his House a Persian lately arrived from France in quality of Envoy. The French Ambassador is soon to introduce him to the Emperor, he has brought two Letters from the Pope, to desire him to send Missionaries, with Assurance that they were protected in all that Prince's Dominions, and to the Congregation de Propaganda the same Subject.

Sept. 9. O. S. The Master of a French Ship, Yesterday from Marseilles says, that in the Orders from the Court of France, all the Ships of War at Toulon were fitting out; but for the present is not known. There is nothing new from the Island of Corsica, where Affairs are in the same Situation.

IRELAND.

Sept. 26. Last Tuesday Morning died Col. John Price, Governor of the Royal Hospital at Chelsea. He was a Gentleman of good Character and Humanity, which makes his Death much regretted. And last Thursday he was interred in the Chapel of the said Hospital, with great Solemnity, the old Invalids marching four and four before the Corpse to the Grave; and 1000 uniformed over him, and performed their Exercises with Satisfaction of all the Field-Officers and Men were present. The Pall was supported by 12 Men. Wednesday died Thomas Morfe, Esq; one of the Clerks in the Secretary's Office. He was a Gentleman of universal good Character.

Edinburgh, Sept. 26. We learn from the Slains in Aberdeenshire, that last Week a Whale, 33 Feet long, was drove on Shore there.

Yesterday at 3 after Noon, the Rev. Mr. John Glen, Minister of the New North-kirk, with the Elders and Deacons of that Parish, being Kirk-sessionally assembled; Compared personally the Rev. Mr. Robert Wallace, and gave in an Extract of the Sentence of the Presbytery, transporting him from the New Gray-fryars, and appointing him to exercise the Office of the Holy Ministry as Colleague to Mr. Glen, in that Parish, craving the same might be read and recorded. To which Mr. Glen offered his Dissent, and gave as his Reason, That the Civil Authority having interposed a Sift to all Procedure in this Affair, such a Step might be attended with dangerous Consequences, &c. Nevertheless the Session proceeded, and unanimously received Mr. Wallace a Member of their Session, in Conformity to the Appointment of the Presbytery, their superior Ecclesiastick Judicature. Mr. Glen having now withdrawn himself, the Session unanimously voted Mr. Wallace should assume the Chair, and proceeded to Business sessionally.

Since our last 231 Anchors, 41 Half Hogheads, and 15 Quarter Casks of Brandy, were brought into the Customhouse at Leith. There was also above 100 l. Sterl. worth of Mullins, Cambricks, and other Goods, seiz'd at Newhaven.
